

May 2009

Safety is our most important Product!

Wow, two days of sunshine, or was it three, last years sun screen will just not come out of the container, oh it's ok, the sun is still way South. Save your skin next time out.

President's Soapbox

OK, so we've lost the field. Guess it's time to find another one. Some of you have already kicked in and started to help.....thank you! As you know, we've been looking for a potential new site over the past couple of years because we thought we might get to this point. Unfortunately, we haven't found a site soon enough to allow a smooth transition from one site to another without losing any flying time. The search goes on.

I'll give priority to researching sites that are within 45 minutes driving time for most club members. Over the past couple of years I hadn't paid much attention to sites that wouldn't support an E-W runway with pilots facing north like at Bob Jenne Field. That will have to change. If we find a site that will support a N-S runway with pilots facing east or west we certainly have to consider it. The only site that I think would be unacceptable is one where we can only face south. A big consideration in looking

for a site is finding one where we don't have to add access. Let's face it.....I doubt that we're even close to being able to afford to rock an access of 1000 feet or so. I'd also still like to be searching for an 80 acre fly-zone away from homes and farm buildings if at all possible. I'll do my best to coordinate efforts of volunteers to identify potential field sites and their owners, and to make contact with those owners. I'll be contacting some of you to solicit your help.

In the meantime...let's enjoy the time we have remaining at Bob Jenne Field. Hugh Christian has volunteered to host a final club get together at the field on Saturday, June 13. Come on out. There are still a couple months of flying before we have to say good bye there. We'll have our regular club meetings in May and June to report what's happening and make final plans for our exit.

See you at the field.

Scott E.

Meeting May 18
Kinton Grange 7:00 PM

Hi guys, I got a good picture of my "pain in the butt" Scrub Jay, Scrubby for short. Scrubby spends most of his day trying to steal my bonus peanuts, not satisfied with just one or two, he must work for King Amobo.

See ya Sq Earl VI

Notice Notice Notice Notice
